

Life Happens Expectations

Please make sure if you get sick or if a family member gets sick and it affects your ability to complete your work, let your teacher know immediately.

We also need to know, as soon as possible, if you are not able to use your devices or if you are having issues with your internet.

While it is not mandatory to attend every single live session with your teacher, it is probably a good idea to check in each week. We need to make sure you are working and not having any issues.

Remember that you can contact your teacher through email, Remind or through Canvas. We all have office hours each day of the week.

-Ms. Brooks and Mrs. Cineus
