

The information about grading was voted on by the State Board of Education on Thursday April 23, 2020. The Governor made the announcement that school buildings will remain closed for the remainder of the traditional calendar on Friday April 24, 2020. The grading procedures set forth by the State of NC were guidelines. Wake County Public School System and Cary High School has not decided how remote learning will factor into student grades. Everyone is still digesting the information and in the process of developing guidelines for what is best for WCPSS and CHS students. At this point, it is in the students' best interest to continue working on work provided by teachers through remote learning platforms. As soon as we know how the teachers at CHS will be advised to give grades, we will let you know! If you have any questions, please contact your teacher but to be honest, we do not have many answers! Thanks for all the hard work and support!
